

## UofSC EZ Foods

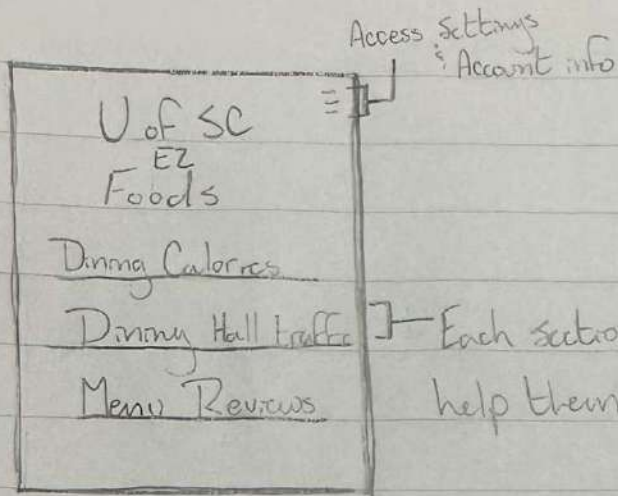

User clicks on section they would like to use.

Can scroll up and down to choose dining halls.

Click to read in-depth review.

Each section tells user of how the app will help them, and they must make selection

For example the app can filter for user fastest time to get in or which is closest

Closest	least wait time
Russell:	50 people
Pavilion:	75 people
Capstone:	20 people
Fresh Greens:	10 people
Horse shoe Deli:	5 people

Choosing a specific dining hall gives more insight on how the dining hall is operating at this time  
(ie, seating, waittime, and menu options)

Russell Hall:
Occupancy: 50
Avg wait: ~1 min
Seating: Available
Serving:
